

Mauricio Castro - Agriculture Director, Latin America Region , The Nature Conservancy

Mauricio Castro is a seasoned leader with over 20 years of global experience in land conservation and sustainable development. For two decades, he has been an integral part of The Nature Conservancy, an organization that has empowered his passion for transforming conventional agriculture and livestock into regenerative models. His leadership has led to a profound impact on global conservation and the regeneration of our environment.

During his tenure as Chairman of the Forest Stewardship Council, Mauricio led its expansion into new global areas and contributed to establishing a center in Bonn, Germany. His leadership has forged trusted relationships across diverse cultures, geographies, and disciplines.

Mauricio is a passionate sustainability advocate and a motivational team builder, making a significant impact on global conservation and sustainability efforts.
